

Additional Hope For Heroes Projects

Operation Headrest

Create a patriotic pillowcase fit for a HERO! There are many single soldiers returning from deployment to base housing. Often, there is no one there to welcome them home. Two military wives conceived the idea of either buying or making a pillowcase and decorating it patriotically using any media you choose.

Their goal is to have a standard size decorated pillowcase that pays tribute to them as soldiers, American's and heroes place on the bed of each single soldier upon their return. If possible, sew in your name/chapter name and Epsilon Sigma Alpha International.

Please include a note to the soldier thanking them for their service and include your name and where you are from so they will know they are being thought of across the United States.

Mail the pillowcase(s) in a flat rate box to:

www.letsaythanks.com Send a postcard to military personnel overseas. Several designs are available to choose. Personalize your message with your ESA information. There is no cost involved, simply fill in your message and the postcard will be sent.

www.daddydolls.com "Daddy Dolls, Inc. was started by two military wives who created "Daddy Dolls™" for their own children during their husbands' deployments. After witnessing the therapeutic benefit of the dolls, they soon realized their dolls could help any child missing a loved one. This led to the creation of Hug-A-Hero™ dolls which are now being enjoyed by military and non-military children alike." Secure site for donations or to order a Daddy doll for your grandchild, niece or nephew.

www.pocketflagproject.com The purpose of the "Pocket Flag Project" is to get a US Flag in the pocket of every military personnel on the front lines. These pocket flags are not sold to anyone or any group, they are strictly for our soldiers fighting for the United States and all we stand for. Pocket Flag Project needs donations of dollars and donation of time for folding the pocket flags. For more information check their website.
